Knight made a motion to approve the agenda. Gragg seconded. MCU.

Knight made a motion to approve the August 21, 2019 minutes. Leppert seconded. MCU.

Knight made a motion to approve the September 16, 2019 minutes. Gragg seconded. MCU.

Public Comments: None.

Public Hearings: None.

Old Business:

Blake presented an application for a variance to reduce a front yard setback requirement from 40 feet to 10 feet filed by the Veenschoten’s for their property on Majestic View Lane. The request was being made due to the small buildable area and the proximity to steep slopes. The Commission had visited this site and had recommended moving the new structure to a location as close to the access road/ cul de sac as was feasible. The variance would allow the structure to be located closer to the road and would help provide a more suitable site for a drainfield, away from the steep slope areas. Due to the previous Commission visit and action, Blake asked if the Commission would like to make a recommendation to the Board of Adjustment regarding the variance request. After discussion, Knight made a motion recommending that the Board of Adjustment approve the variance request in accordance with the site plan submitted by Veenschoten. Leppert seconded. MCU.

New Business

a) The commission reviewed the Hogendorn property known as the KNEI radio building site. The owners were requesting that the Commission approve a lot size of .81 acres for the business structure (which has been used as a residence (upper floor) and a business storage (lower floor) for the past couple of decades.) The remaining property would be as one parcel of approximately 6.16 acres. Discussion was held regarding septic and possible alternative sites if the system would fail. Leppert made a motion to approve the lot sizes as requested, with the dividing line to be along current Assessor Parcel lines, allowing the total property to be two parcels. Gragg seconded. MCU.

b) The commission reviewed the ATMS, LLC, Subdivision Plat. Gragg made a motion to recommend approval of the plat. Duffy seconded. Ayes; Duffy, Gragg, Knight and Pladsen. Nays; Leppert (due to loss of ag land). Motion carried.

c) The commission reviewed the Samanator Trust Subdivision Plat. Leppert made a motion to recommend denying approval of the plat due to the loss of agricultural use land. Knight seconded. Ayes; Leppert, Knight, Duffy. Nays; Pladsen, Gragg. Motion carried.
a. The commission reviewed the Request to Remove the Agriculture Exempt Legend/Use restriction from the land subject of the Samanator Trust Subdivision Plat. Gragg made a motion to lift the Ag Use restriction from the Samanator Trust Plat property. Pladsen seconded. MCU. (If the Supervisors fail to approve the Samanator Trust Plat, this motion will be of no consequence since the plat would not be recorded.)

d) Knight made a motion to approve the Schlitter Subdivision Plat. Leppert seconded. MCU.

e) Gragg made a motion to approve the Stammeyer Plat. Duffy seconded. Ayes; Gragg, Duffy, Knight, Pladsen. Leppert abstains. Motion carried.

f) Discussion was held regarding the request to divide the industrial zoned property known as the Dorchester School property. Due to the existence of flood plain, septic on one lot (per request) and well on the other, with no area for additional or replacement leach field, Gragg made a motion to deny request and/or permitting the reduction is lot/parcel sizes for this property. Duffy seconded. MCU.

Knight made a motion to adjourn. Gragg seconded. MCU.

Leppert made a motion to approve the agenda. Knight seconded. MCU.

Knight made a motion to approve the July 15, 2019 minutes. Duffy seconded. MCU.

Public Comments: None.

Public Hearings: Vallee Vu Estates Subdivision—Consider amending the zoning ordinance and map to change the zoning district boundaries for this subdivision near New Albin. Blake advised that he had received no written comments regarding the proposal. Mike Reburn was present to ask if he would be able to develop his second lot if this was changed. Blake advised that any lot of one acre or more could be developed independent of a second lot under the same ownership, if the zoning district was changed. Blake recommended the Commission recommend the change from A-1 to R-2. This change was in compliance with the comprehensive plan since it was a residential subdivision less than one mile from a community. Matthew and Rita Mooney were present to ask if it would have any impact on RE taxes. Blake advised that it should not have an impact. Duffy made a motion to recommend the Supervisors amend the zoning district from A-1 to R-2 on the condition that no variances be granted for the development of Lot 8 and Lot 9 owned by James Strong. Leppert seconded. MCU.

Old Business: None.

a) The commission reviewed the Richard Shindoll Subdivision Plat. Leppert made a motion to recommend approval. Duffy seconded. MCU.

b) The commission reviewed the lot sizes for the Northeast Iowa Land Company (Richard Sullivan). This property is NE of the intersection of Highways 76 and 9. Blake recommended that the internal road be increased in size to allow a semi truck to enter, turn around, and exit. Discussion was held regarding the uses of the properties and that future owners should recognize that a lot can only support a building and use per the size of the lot and that a future owner that needed additional area should acquire more than one lot. Sullivan advised that additional area would be available on each lot for truck maneuvering. Leppert made a motion to approve the lot size of Lot 1 (.82 acres), Lot 2 (1.3 acres), Lot 3 (1.28 acres) and Lot 4 (1.06 acres) upon the condition that the easement access be 56 feet wide where it abuts Highway 76. Duffy seconded. MCU.

c) Blake advised that James Strong wanted to rezone a lot in Valle Vu Estates subdivision so that he could divide his property and build a new house on the second lot. Duffy made a motion to set the public hearing for 6:00 PM on June 17th, 2019. Knight seconded. MCU.

Reports: Blake updated the Commission on the recent Board of Adjustment action on Wennes Communication, Interstate Power and Northeast Iowa tower applications. Blake advised that the Mary Kruse subdivision plat has been changed to an agricultural subdivision plat and was approved by the Supervisors. A nuisance property notice has been filed by the County Attorney and Environmental Health Department. No new nuisance ordinance has been presented to the Supervisors at this time. Blake advised that he would be attending the County Zoning Officials conference and Spring School in Ankeny later in the week.

Knight made a motion to adjourn. Duffy seconded. MCU.

Gragg made a motion to approve the March 18, 2019 minutes. Knight seconded. MCU.

Public Comments: None.

Public Hearings:

Kelly Rentals – Blake advised that Chad Kelly has withdrawn his application for a change in zoning due to opposition/issues with the neighbors. No action taken.

Ashbacher, George – Blake presented a staff report and neighbor responses to the request. A map of the zoning in the vicinity was presented. Knight inquired into what the impacts from cell towers are in residential subdivisions. What are the setbacks? Blake advised that most have a setback that equals the height of the tower, but impacts on values vary between studies. Sis Sommer advised the Commission that he bought his house 8 months ago and was opposed to a cell tower being next door. Pattera, Chris was concerned with the impact to property values. Brian Kabat, Buell Consulting spoke on behalf of Verizon and Ashbachers regarding the tower and zoning change request. Gragg asked Ashbacher if he had any concerns about the impact of a cell tower on the rest of his ground that he is trying to develop as residential subdivision. Ashbacher advised no, but that they were planning on dropping the residential subdivision plans. After reviewing the site plans and neighbor comments, Gragg was concerned about this zoning for a cell tower being located in the middle of an R1 zone. Kabat advised that they could withdraw and resubmit a request for all of the R1 area owned by Ashbachers, which was a majority of the area around the tower. Gragg made a motion to recommend the Supervisors deny the request for a change in zoning since it is in the middle of a proposed residential development/zoned area. Kabat indicated that they were willing to withdraw. Gragg advised that they could pull it after zoning decision, citing a point of order. Leppert seconded the motion. Ayes: Leppert, Knight, Gragg, Duffy. Nays: Pladsen. Motion Carried. Request Denied.

a) Old Business: The commission reviewed the David Vorwald Subdivision Plat. Gragg made a motion to approve. Knight seconded. MCU.

New Business

a) The commission reviewed the Gerald and Linda Nelson Subdivision Plat. After discussion and review, Gragg made a motion to recommend approval of the plat. Duffy seconded. MCU.

b) The commission reviewed the Dennis and Sandra Koenig subdivision plat. After review and discussion, Knight made a motion to recommend approval of the plat. Gragg seconded. MCU.
c) The commission reviewed the Mark and Terry Bader subdivision plat. After review and
discussion, Leppert made a motion to recommend approval of the plat. Gragg seconded. MCU

d) The commission reviewed the Charles and Dorothy Byrnes subdivision plat. After review and
discussion, Gragg made a motion to recommend approval of the plat. Duffy seconded. MCU.

e) The commission reviewed the Mary Kruse Emerson subdivision plat (1) after review and
discussion, Knight made a motion to require the plat include the Ag Legend due to the small lot
size not meeting zoning requirements. Gragg seconded. MCU

f) The commission reviewed the Mary Kruse Emerson subdivision plat (2) after review and
discussion, Leppert made a motion to approve. Duffy seconded. MCU

Blake advised the Commission on the questions raised by the Board of Adjustment. The Commission
discussed the intent of the conditional use ordinance language and felt no change was necessary. The
language conveyed the intent of the ordinance. Blake advised that the text change regarding tower
setbacks in the bluffland has been tabled by the Supervisors but that it will not result in the way the
ordinance is applied by Blake. Blake also advised that the County Attorney and Environmental Health
were pursuing enforcement of a nuisance property through State Code at this time.

Leppert made a motion to adjourn. Gragg seconded. MCU.

Reports:

a) Blake advised the Commission regarding HSB155, an amendment to the Iowa Cell Siting Act that removed local decision regarding siting cell towers that serve the First Net System. Knight made a motion to recommend the Supervisors contact the State Legislature and other rural counties to oppose this legislation. This recommendation is being made because there is already a process
in place to appeal decision of the Board of Adjustment that has not been followed by the applicant, AT&T. Leppert seconded. MCU.

Public Comments: Doug Mullen approached the Commission regarding timber harvesting as an agricultural activity and would therefore be exempt from zoning regulations. The neighbors had complained about work in the bluffland, and Zoning Administrator had visited his property with Cory Fritzier (Mullen is selling to Fritzier on contract). Fritzier had claimed drive way was for timber harvest and also provides access to a field. Administrator had told Fritzier that he would advise whether his work in the Bluffland would be exempt from regulation, or not. Blake has not yet ruled on this issue. Gragg inquired into the status or use of the road once harvest was complete. Commission would like to have this item on a subsequent meeting agenda, prior to issuing decision regarding exempt, or not.

Public Hearings: None

Old Business: None

New Business

a) Rooming, Lodging and Boarding House—Blake presented history and data regarding regulation of the use. Advised that the use is defined in the ordinance, but is not a permitted or conditional use in any zoning district. Blake advised some research shows that this use existed throughout the County. The commission is to decide the appropriate zone it will be permitted in and under what conditions, if any.

   i. Blake advised that complaints has been brought to him regarding this use (short term rentals) existing in the Deer Tracks Subdivision. After review, he had told residents there that the HOA should enforce the existing covenants (if they felt the use did not meet standards set in covenants) and that he would bring this use topic to the Commission for discussion and action.

      i. The Chair called on Cory Fritzier (owner of several lots and cabins in Deer Tracks who is now operating a short term rental business) to gather information regarding the his use of these properties. Cory advised that he had a very big following. People want to visit the Driftless Area and need this type of housing. Larger groups/families come to hunt, leaf look or just tour or enjoy the area. Cory says he has three cabins in Deer Tracks and others in the County rural areas that are not in subdivisions. All are individual, single family structures. Cory likes to stick to a 3 night minimum over a weekend, but single night stays have been allowed. He owns all of the Deer Track properties that he manages. Cory indicated that he usually manages, checks people in and repairs the units himself, hiring help during busy seasons.
ii. Deer Tracks owners told the Commission some issues they had with Fritzlers use of the properties—This is a commercial use that does not fit in Deer Tracks, guests stopping at private homes, looking for assistance, increased traffic on private roads, Gun fire and other violations of covenants, noise and other nuisances, use of pond and other facilities but people not authorized, multiple vehicles parked around properties, reduction in peaceful enjoyment of properties and possible impacts to property values. Concerns that this use will change the neighborhood. 9 of 33 properties could be rented by Fritzler.

iii. Mullen advised that he had a rental at the end of his driveway that Fritzler manages and he has had no problems.

iv. The Commission discussed the inputs and felt that the HOA needs to enforce covenants. It is not a County regulation. Pladsen felt that the ‘scale’ of the use in the Deer Tracks was having a greater impact on the neighborhood. Members reviewed the impacts to the subdivision, the number of properties listed on Air BnB (55 homes in County), the need for this type of service/housing and the impact to tourism in the County.

v. The Commission felt that they had enough input at this time and directed Blake to place on next agenda and they would start to review options regarding regulation, if any.

b) Blake advised that an application from Verizon Wireless/George Ashbacher for a change in zoning was received. Gragg made a motion to set a public hearing for the request on February 18th, 2019 at 6:00 PM. Duffy seconded. MCU.
