17.025-Motion Koenig/Second Byrnes to disallow Homestead Tax Credits for Mary Reppe and Elizabeth Howe. Motion carried.

Schellhammer presented a resolution that requests the DNR to suspend issuance of CAFO Construction Permits until legislators can adopt new legislation regarding the Master Matrix system. Schellhammer says other counties are interested in adopting a similar resolution to show a united front for legislators to understand the desire of counties to have this issue looked at. This resolution does not halt permits immediately. It simply states the County’s desire and raises awareness with the legislators.

17.026-Motion Byrnes/Second Koenig to adopt the resolution to request the Iowa Department of Natural Resources to suspend issuance of CAFO construction permits until such time as new legislation regarding the Master Matrix system can be adopted, with the addition of “statewide” in the final “WHEREAS” paragraph. Koenig-aye; Byrnes-aye; Schellhammer-aye. Motion carried.

WHEREAS, the County Board of Supervisors in each county throughout Iowa is tasked with processing construction permit applications for confinement feeding operations in that county and making a recommendation to the DNR; and

WHEREAS, although county supervisors review CAFO applications to ensure the matrix has been scored correctly and must submit to the DNR a recommendation to approve or disapprove
construction permit applications, they have no say in approving or denying an application and the 
DNR makes the final decision; and

WHEREAS, the Allamakee County Board of Supervisors utilizes the master matrix and 
recognizes the need to update the master matrix to increase regulation and control and recognizes a 
need for greater regulation of the CAFO industry in general; and

WHEREAS, the Allamakee County Board of Supervisors is aware that there has been an

Meeting called to order by Schellhammer. Auditor Beyer informed the Supervisors that the first three agenda items need to be removed due to people not able to make it due to icy roads.

17.030-Motion Koenig/Second Byrnes to approve today’s agenda, with several cancellations due to weather, and the minutes from January 9 and January 10-12, 2017 minutes. Motion carried.

The following people were present at various times throughout the meeting: Joseph Moses – Standard newspaper, Denise Beyer – Auditor and Clerk to Board of Supervisors, Natalie Byrnes, Chip Lamb, Roxanne Hawkins, Bob & Kristi Hager, Brian Ridenour, Deb Winke, Clark Mellick, John Hansen, Jeremy Oden, Laurie Welch.

Public Comment: Kristi Hager spoke about her start at the state legislative session and committees she will be serving on, including local government. She asked the Supervisors their input on what changes they see needed with the Master Matrix.

Supervisors asked those present for their input on the ATV ordinance adopted May 9, 2016, which will automatically renew without any action by the Supervisors. Engineer Ridenour has had very few complaints about ATVs on the road and has no suggested changes. Deb Winke’s office has seen more ATV renewals and handed out many copies of the ordinance. The ATV club President Chip Lamb gave some suggestions including changing ordinance language to allow riding year-round, riding times from sunrise until a set time instead of until sunset, and changes/clarifications in hard surface road access. They are also hoping for the state to allow ATVs to cross state highways. Supervisors shared their thoughts on the suggested changes and will check into the procedures necessary to amend the ordinance.

17.031-Motion Koenig/Second Byrnes to approve Secondary Roads transfers of $8,487.12 from General Fund and $104,548.79 from Rural Services Fund to Secondary Roads Fund. Motion carried.

17.033-Motion Koenig/Second Byrnes to accept the low bid from Torkelson’s for a new Quad Cab pickup for patrol use. Motion carried.

Jeremy Oden gave a progress update on Safety Center project. A goal of a May 1 occupancy date is set, with an open house before that. Laurie Welch asked for clarification on what costs for computer setup at Safety Center will be covered by bond proceeds. John Hansen presented signed Change Order 3-4, which was previously approved. Change Order 1-4 was presented for downspouts, hot
dipped galvanized coiling door security frame, door and frame, floor finishes, and add a 4 foot wall at top of control room mezzanine for a total add of $25,975.49. Change Order 1-3 was presented for additional paving around the sally port, additional block to raise corridor wall to 12’6”, foundation drainage, waterproof membrane under finished grade, and 9 closers to meet fire code for total add of $17,171.03.

17.034-Motion Byrnes/Second Koenig to approve Change Orders 1-3 and 1-4. Motion carried.

17.035-Motion Koenig/Second Byrnes to approve January pay request of $320,636.06. Motion carried.

John Hansen discussed prices for well and well house. Hansen also discussed bids to finish off the upper mezzanine area for additional inmate cells/beds at this time instead of as a future project. Total of all bids is $206,711 for finishing the mezzanine area. Taking this amount off the remaining contingency leaves just over $102,000 in contingency. This part of the project was originally to be a future expansion/expense to finish off an existing area of the building. With enough contingency remaining, Hansen presents this information as a proposal to complete the expansion now, and complete the project with no need for future expense. Discussion on the adequacy of the remaining contingency balance was discussed.

17.036-Motion Byrnes/Second Koenig to approve the expansion of the upper mezzanine area with costs not to exceed $207,000. Koenig and Byrnes – aye; Schellhammer – nay. Motion carried.

Engineer Ridenour highlighted requested changes to Ordinance LV - Regulations Regarding All-Terrain Vehicles or Off-Road Utility Vehicles on Secondary Roads including time of day and time of year for riding, crossing state highways and riding County pavements to the next gravel or to get into the next town. Supervisors decided if each city approves routes in their community, then the County can determine what routes into each city need to be included in the ordinance amendment.

Ridenour presented quotes for painted pavement markings. Low bidder is AAA Striping Service out of St. Michael, MN, at $64,340.74. This is $494.79 lower than the bid from Iowa Plains Signing out of Waterloo, Iowa for $64,835.53. Ridenour spoke with Attorney Kistler and Kistler feels Iowa law allows the Supervisors to make the choice and the county can legally go with Iowa Plains out of Waterloo.

Clark budgeted $15,000 for furnishings before knowing where the Public Safety Center budget would end up. Mellick is
looking for a “not to exceed” approval of $28,000, with $10,000 down payment coming out of Sheriff’s department line item.

17.148-Motion Byrnes/Second Koenig to approve furniture purchase at a cost not to exceed $28,000 with the $10,000 down payment to come out of Sheriff’s budget. Motion carried.

Ridenour presented bids for a new vehicle: Torkelsons - $38,970 minus $3,000 trade-in equals net $35,970; Pladsens - $39,784 minus $4,000 trade-in equals net $35,784. Ridenour recommends Pladsen’s low bid.

17.171-Motion Koenig/Second Byrnes to approve bid from Pladsen Motors in amount of $35,784. Motion carried.

Gary Weymiller addressed flooding issues on his property, mainly Morgan Bridge Road issues with water backing up on his land. Joe Hammell asked if a study would be beneficial in determining what might help the flow issues in that area. Lynn Reburn, Drainage District Clerk, said Morgan Bridge Road is not part of the dike/levy, so the Drainage District is not part of the Upper Iowa Drainage District, and their board feels it is either an Army Corps of Engineers issue or the Allamakee County roads department or DOT. Discussion was held about future studies and action and an aerial photo was viewed.
17.172-Motion Byrnes/Second Koenig to approve increasing Allamakee County Flex Account contribution limit to $2,600 per year to match the IRS limit. Motion carried.

17.173-Motion Koenig/Second Byrnes to approve the 2.5 month grace period for Allamakee County Dependent Care claims. Motion carried.

Beyer explained the option for individuals with Flex Spending Accounts to use a debit card to pay eligible expenses directly from their accounts, rather than paying the bill and then filing a claim with Midwest Group Benefits to be reimbursed. Beyer recommended approval of the debit card option.

17.174-Motion Byrnes/Second Koenig to approve offering Flex Account debit cards. Motion carried.

Mellick told Supervisors Fayette County would like to purchase the squad car that Allamakee is selling. An existing county resolution requires sealed bids for sale of county property. Stripping the car down to take bids so any citizen could bid on it would cost Allamakee County money, and then Fayette County, if they got the high bid, would have more expense to “upfit” the vehicle for their purposes. Supervisors felt that the current resolution prohibits selling directly to Fayette County, but recommended Jill Kistler draft a resolution to allow the sale of this upfitted car, then the Supervisors will consider that.

Mellick recommended appointing Lucas Inglett as transport officer.

17.175-Motion Byrnes/Second Koenig to approve hiring Lucas Inglett as transport officer. Motion carried.

Tom Blake presented a resolution regarding fees to implement zoning, subdivision and flood plain ordinances. This is reviewed approximately every 5 years. Supervisors recommended a $300 cap. No action taken today.

Koenig gave a brief review of the CSS meeting and informed Supervisors that Todd Rickert will be coming on May 8 to discuss Case Management.

Ridenour reviewed the bid opened earlier and it was correct as read and he recommended approval.

17.176-Motion Koenig/Second Byrnes to approve the bid from Cedar Falls Construction, Inc. at $126,938.40 for pavement rehabilitation. Motion carried.

Department head updates: Ridenour informed Supervisors that he has met with Regancrest regarding dirt hauling around Regancrest for construction, and shared the route he has approved. Ridenour also received a comment about adding fog lines to all county roads. Ridenour also presented a letter about Fauser Energy Resources filing for bankruptcy, but they will continue services to the county. Corey Snitker presented the NEIRG agenda to Dennis for the meeting on Thursday. Deb Winke asked about road closures during RAGBRAI. Sheriff Mellick updated Supervisors on the construction project and May 20 Open House at Safety Center. Auditor Beyer reminded Supervisors of health insurance open enrollment meetings on May 3 at 10:00, 1:00 and 3:00.

17.177-Motion Byrnes/Second Koenig to adjourn. Motion carried.

ALLAMAKEE COUNTY
INTANGIBLE ASSET POLICY

PURPOSE:
Governmental Accounting Standards Board Statement 51, *Accounting and Financial Reporting for Intangible Assets*, was effective beginning July 1, 2009. The Statement requires the County to capitalize all intangible assets with determinable useful lives, and to amortize those assets accordingly. Intangible assets with indefinite useful lives will be capitalized, however not amortized. Internally generated computer software in the Application Development State per GASB 51 will be capitalized and amortized.

INTANGIBLE ASSETS:
Intangible Assets include easements and right of ways, water rights, timber rights, patents, trademarks and computer software. Allamakee County will include in this policy only those assets which are identifiable, meaning they are separable and arose from contractual or other legal rights, whether those rights are transferable or separable, possessing all of the following characteristics: lack of physical substance, nonfinancial in nature, with an initial useful life beyond a single reporting period. Internally generated intangible assets must meet the Specified-Conditions Criteria of GASB Statement 51 to be covered by this policy. Internally generated computer software can be developed in-house by County personnel, by third party contractor on behalf of the County, or commercially available software purchased or licensed by the County, modified using more than minimal increment effort before putting it into service.

THRESHOLD:
Any intangible asset which exceeds the County’s threshold will be recorded at historic cost, or estimated historic cost including, where applicable, interest and ancillary charges. The threshold is designed to capture 80% of the total cost of the County’s intangible assets. The threshold for Allamakee County is $50,000.00.

REPORTING:
Allamakee County will not retroactively report intangible assets per GASB 51 since we are a Phase III County. Costs incurred July 1, 2009 and beyond for internally generated computer software in the application development stage will be capitalized providing the costs exceed Allamakee County’s threshold.

Approved by Board Resolution on May 8, 2017.

**RESOLUTION NO.17.188**

**RESOLUTION AMENDING RESOLUTION 97.154 REGARDING SALE OF COUNTY PROPERTY**

WHEREAS, on May 1, 1997, the Allamakee County Board of Supervisors adopted Resolution # 97.154, requiring the sale of “all County property” to be by public auction or by sealed bids, publicly invited and publicly open; and

WHEREAS, on November 18, 2013, the Board of Supervisors adopted an amendment to Resolution 97.154 to clarify that it was not meant to incorporate County owned real estate or real property, and that County owned real estate should be disposed of in accordance with the provisions set forth in Iowa Code § 331.361, 2013 Code of Iowa; and

WHEREAS, question has now arisen regarding the applicability of Resolution 97.154 to the sale of County owned vehicles, including County law enforcement vehicles, and;

WHEREAS, the Board of Supervisors recognizes that due to their nature, County owned vehicles may more practically and economically be disposed of via trade-in or, as may be in the case of County law enforcement vehicles, sale to other law enforcement agencies due to the presence of equipment in County law enforcement vehicles which cannot be transferred to the ordinary citizen.

NOW, THEREFORE, BE IT RESOLVED BY THE ALLAMAKEE COUNTY BOARD OF SUPERVISORS:

1. Resolution # 97.154 adopted by the Allamakee County Board of Supervisors on May 1, 1997, is hereby amended to provide for the exclusion of County owned motor vehicles, including County law enforcement vehicles, from the strict parameters of Resolution 97.154.
2. The sale/disposal of County motor vehicles may be by trade-in, sale to other political subdivisions, counties, or law enforcement agencies (in the case of law enforcement vehicles), or by public auction or sealed bids.

Meeting called to order by Schellhammer.

17.294-Motion Koenig/Second Byrnes to approve today’s agenda and approve the minutes from June 30 and July 3, 2017 minutes. Motion carried.

The following people were present at various times throughout the meeting: Joseph Moses – Standard newspaper, Denise Beyer – Auditor and Clerk to Board of Supervisors, Nancy Everman, Michelle Winkie, Troy Peterson, Laurie Welch, Brian Ridenour.

Public Comment: None.

17.295-Motion Koenig/Second Byrnes to approve the language for Ordinance to establish a Pioneer Cemetery Association. Motion carried.

17.296-Motion Koenig/Second Byrnes to set July 24, 2017 at 9:40 am for public hearing for Ordinance for Pioneer Cemetery Commission. Motion carried.

17.300-Motion Byrnes/Second Koenig to set Public Hearing date of July 24, 2017 at 9:45 am for Construction Permit application for EB Ag, LLP. Motion carried.

Laurie Welch discussed the placement of the security cameras and monitors for the courthouse. There is the option for anyone on the network to pull up the cameras on their monitor, if desired, and activity is recorded.

Dennis Koenig shared some information regarding possible CSS changes, including working with youth more, jail diversion, and more. It is thought that employees such as case managers for counties that haven’t moved on to working for MCOs will eventually do so. Or possibly these employees would be hired by CSS, as CSS determines the need, and possibly be housed in our county office. Things are still evolving.

Brian Ridenour presented the proposal from the Iowa Flood Center concerning Upper Iowa flooding. The IIHR will perform a survey of the Upper Iowa Drainage District area, covering the listed
scenarios and other potential solutions that may become apparent during the analysis. Supervisors find this proposal is acceptable, so Ridenour will have the Iowa Flood Center put together a contract for participants to sign. Upper Iowa Drainage District would also be a participant. Total fee is $9,630, with Upper Iowa Drainage District having expressed they are willing to contribute up to $2,500. Which entity would cover expenses incurred for work done in response to survey results will have to be discussed, depending on what is in the right-of-way, what is on private property – in drainage district or not, etc. Supervisors find the proposal acceptable and will wait for a contract from Iowa Flood Center to be presented for approval.

Ridenour discussed part-time vacancies, as well as loss of Luster Heights laborers, and the need to add a union position or other options.

17.301-Motion Koenig/Second Byrnes to approve the resolution for temporary closure of part of Breezy Corners Road. Roll call: Koenig-aye; Byrnes-aye; Schellhammer-aye. Motion carried.

Handicap signage near Allamakee Street was discussed, to direct handicapped citizens to the 1st Avenue and south lot handicap accessible parking and entrance. Byrnes suggested signage at the east entrance similar to sign at west entrance door and looking into possibility of adding a ramp at the north entrance.

Amanda Hess discussed a half marathon, 5K, 10K and relay running event that is being planned for October 13, 2018. The route would go from Harpers Ferry to Lansing on Great River Road and Red Oak Road, with the finish at the softball complex in Lansing. Hess hopes to launch a website in September/October 2017 to start getting the word out for the event. Clark Mellick talked about safety and told Hess that they would work with her along the route. Ridenour discussed concerns with using Red Oak Road and Great River Road, offering Lansing/Harpers Road as another possible option. With just a few hundred runners planned for the first year of this event, they would simply manage the traffic, rather than shutting any roads down.

Department Head updates: Sheriff Mellick informed the Supervisors of two items: an issue with one of the toilets at the new facility and how it will be corrected, and an ATV accident yesterday, with driver cited for OWI second offense. Ridenour informed Supervisors of August 17 date for tour of John Deere plant and gave road project update. Ridenour has spoken with John Reeg regarding use of inmates for labor similar to what Luster Heights did, but Allamakee County would have to hire them like part-time summer help, so Ridenour will pursue hiring locally. Snitker discussed upcoming events including RAGBRAI, Great River Rumble and Corn Days. Laurie Moody will be going out to EB Ag this week regarding their construction permit application.

17.349-Motion Byrnes/Second Koenig to accept and place on file the Veterans Affairs quarterly report. Motion carried.

The next department head meeting was scheduled for Monday, August 28 at 1:00 p.m.

Ridenour informed the Supervisors of a high estimate of $621,033 for the Green Valley bridge. The County and City both are responsible for 10% of the project. Ridenour asked for Supervisors to approve pursuing $500,000 from the state and proceed with the project.

17.350-Motion Byrnes/Second Koenig to approve pursuing the $500,000 state funding and proceed with the project. Motion carried.

Several were present from various cities and Allamakee Economic Development to give a review of how RAGBRAI went for their communities and the county.

Darcy Radloff and Leigh Rekow, Postville City Clerk and Mayor, had help marketing from 4 University of Iowa marketing students in preparing for the event and on social media. They focused on welcoming riders and had children from different ethnic groups holding posters. Radloff also shared revenues and expenses for City of Postville related to RAGBRAI, and said they received several positive comments from riders recognizing their diverse community and from local community members on the successful event.

Ardie Kuhse of Waukon Economic Development stated Waukon earned about $150,000 in revenues from vendors, housing fees, t-shirt sales, benches, garbage cans. All bills haven’t come in yet so expenses are not final. No city funding was needed. The band brought in lots of people, therefore beer sales. They had 500-600 volunteers, 20+ committees and over 100 committee members. Comments indicate local businesses had the best day they’ve ever had. Saturday was also busy for gas stations and restaurants with travel back through town. She thanked Supervisors for their support. Rider comments were positive. Clean-up was “wonderful” as the riders cleaned up after themselves. She felt the event brought the community together. Kuhse also commented that people have already returned to Waukon to enjoy restaurants they noticed on RAGBRAI.

Dave Monserud, Waterville Mayor, stated they went by the RAGBRAI handbook and built their plan around the 37% estimate of riders who would stop in their town. Funds for start up money came from t-shirts. Volunteers were plentiful. They contacted churches to supply the pies, rolls, etc. for the fire department pancake breakfast, with great response. They brought in 5 vendors which didn’t harm local businesses and helped a lot with the numbers. The fire department served about 3,500, and The Winchester sold lots of pizzas. They planned on 5,000 but estimate about 7,500 went through Waterville vendors and establishments. Everyone made profit. There was great community involvement with 180 registered volunteers plus 35 to help at Winchester and Hammy’s. Waterville also worked with the UTV club for some help, and used radios from fire dpt. Lots of compliments from riders and from volunteers that they were thankful they and their kids were able to experience this.

Val Reinke from Allamakee County Economic Development thanked all the communities for attending this meeting to tell about their community experience.

Craig White, Lansing Chairperson, said RAGBRAI told him Allamakee is setting the precedent for the future of how counties handle RAGBRAI coming through because it was handled well. Lansing had a very successful event. Retail was a little above average, and restaurants saw 2-3 times their very best day. Sports boosters sold 600 showers Saturday. Lansing will be able to give back to the community in a substantial way but they are still waiting on a few invoices. White’s opinion is the
biggest benefit from hosting RAGBRAI is we proved to each other that we can do something big, and it gave a sense of competence and accomplishment.

Brian Ridenour, County Engineer said the biggest impact for the road department was trying to get the maintenance and construction done ahead of the event, and he had relatively few complaints on the roads. Corey Snitker, Emergency Management Coordinator, was thankful for good weather during the event.

Department Head updates: Ridenour gave a project update and said turnout at the Lansing Bridge meeting was very good. The Governor has sent a letter to the President regarding recent disaster. Snitker updated on Hazard Mitigation planning meeting. Jim Janett gave RAGBRAI update and the Grand Opening update for Driftless Area Visitor Center on Saturday which welcomed over 500-600 people. Close to 2,000 people came through between Thursday and Sunday with many positive comments. Beyer reminded Supervisors that property tax statements should be in mailboxes this week.

Brian Ridenour spoke about the petition received with 14 resident’s signatures on it regarding eliminating rumble strips on X42 near the X52 intersection. Byrnes is in favor of keeping the rumble strips for safety. Speed signs will be checked and adjusted is possible. If a Resolution is needed for this adjustment, that will be addressed.

ORDINANCE LVIII  
ALLAMAKEE COUNTY SOCIAL HOST  
AND CIVIL COST RECOVERY ORDINANCE

SECTION 1. TITLE  
This Ordinance shall be known and may be cited and referred to as the Allamakee County Social Host Ordinance.

SECTION 2. PURPOSE  
Pursuant to the authority granted under Iowa Code Chapter 331 (2017), this Ordinance is enacted to protect and preserve the rights, privileges, and property of the residents of Allamakee County and to preserve and improve the peace, safety, health, welfare, comfort and convenience of the residents of Allamakee County. The purpose of this ordinance is to prohibit the consumption of alcoholic beverages by persons under the legal drinking age of twenty-one (21) at gatherings where adult persons know or have reason to know or allow or permit underage persons to drink alcoholic beverages on property they own or control.

The Allamakee County Board of Supervisors finds that the occurrence of social gatherings at premises where alcoholic beverages are served to, or consumed by, persons under the legal drinking age is harmful to such persons themselves and a threat to public welfare, health and safety. The Surgeon General's Call to Action (2007) is hereby incorporated by reference, as further support of the health, safety and public welfare concerns that exists with underage drinking.

The Allamakee County Board of Supervisors further finds that persons under legal drinking age often attend gatherings where controlled substances and/or alcoholic beverages are brought or made available, and that the persons who are in control of such premises either have reason to know or are knowingly tolerating, allowing, or permitting such drug and alcohol use to occur. This ordinance will establish penalties for persons who know or have reason to know or permit or allow underage drinking or drug use, and will encourage those persons to ensure that those activities are not occurring on premises under their control.

a. Controlling underage persons’ access to alcoholic beverages;
b. Controlling the quantity of alcoholic beverages;

It is unlawful for any social host of an event, gathering or party on the social host’s premises to knowingly permit or allow underage persons to consume alcoholic beverages or knowingly permit or allow underage persons to possess alcoholic beverages on the premises, whether or not the social host is present on the premises.

It is unlawful for any social host to host an event, gathering or party on premises when the person knows or reasonably should know that an underage person has consumed an alcoholic beverage, or possess an alcoholic beverage with the intent to consume it, and the person fails to take reasonable steps to prevent the possession or consumption by the underage person. A social host who hosts such an event, gathering or party does not have to be present at the time the prohibited act occurs.

A social host has an affirmative defense if the social host took reasonable steps to prevent the possession or consumption of alcohol, or notified law enforcement and/or allowed law enforcement to enter the premises for the purpose of stopping illegal activities.

SECTION 6. EXCEPTIONS
This Ordinance does not apply to actions permitted under Iowa Code Section 123.47(2) or to legally protected religious observances or to situations where underage persons are lawfully in possession of alcoholic beverages during the course and scope of employment.

SECTION 7. PENALTIES
A violation of this Social Host Ordinance is a county infraction. A county infraction is a civil offense not punishable by jail or imprisonment. A violation of this Social Host Ordinance shall be punishably by the following penalties:

a. A first offense shall be a simple misdemeanor punishable by a scheduled fine of five hundred dollars ($500.00) plus applicable surcharges and court costs;
b. A second or subsequent offense shall be a simple misdemeanor punishable by a scheduled fine of seven-hundred-fifty dollars ($750.00) plus applicable surcharges and court costs.
c. The Court may, in its discretion, order the person to perform community service work under Iowa Code Section 909.3A, of an equivalent value to the fine imposed under this section.

SECTION 8. IMPOSITION OF CIVIL COST RECOVERY FEE FOR PUBLIC SAFETY RESPONSES
In addition to any fines imposed for violation of this Ordinance, liability for the cost of providing public safety services (i.e., fire, ambulance, police, and other emergency providers) shall be the responsibility of any person who violates any provision of this Ordinance. The cost recovery for public safety responses shall be separate and distinct from a citation and fine for a civil violation described in Section 7.

1. The amount of cost recovery under this section shall be the response costs as well as any associated costs performed by public safety.
2. In the event that the responsible person who is in violation of this section is a juvenile, then the juvenile and the parents or guardians of that juvenile will be jointly and severally liable for the imposition of civil penalties for the cost of providing public safety services.

3. If there is more than one responsible person for the event then each responsible person shall be jointly and severally liable for the civil fine and/or for the costs incurred for public safety services pursuant to this chapter.

4. Civil cost recovery fee(s) shall not be imposed for the medical response costs in those situations where those present at the gathering call for emergency services for an actual emergency at the premises.

5. If the owner of the premises is determined to be the responsible person for costs of this section, such costs, if unpaid within forty-five (45) days of the notice of the final determination, shall become a lien to be recorded against the property on which the violation occurred. Such costs shall be collected in the same manner as county taxes, and thereafter the property upon which they are a lien shall be sold in the same manner as property now is sold for delinquent taxes.

SECTION 9. EVIDENCE OF CONSUMPTION
A specific legislative finding has been made by the Board of Supervisors, supported by expert testimony, that preliminary breath screening tests (PBT’s), which have been approved by the Department of Public Safety for use in Public Intoxication cases, are accurate in determining the presence or absence of alcohol in a person’s body. Such devices are valuable tools in the investigation of unlawful consumption of alcohol. Therefore, at trial, evidence obtained during the administration of preliminary breath testing, including the test result expressed in terms of alcohol concentration, shall be admissible on the issue of whether a person under the legal drinking age did or did not consume alcohol.

SECTION 10. ENFORCEMENT
The Allamakee County Sheriff’s Office shall have primary, but not exclusive, enforcement responsibility for this Ordinance.

SECTION 11. JURISDICTION
The provisions of this Ordinance shall apply throughout Allamakee County, Iowa, including municipalities that have not enacted a municipal ordinance dealing with similar subject matter.

SECTION 12. REPEALER
All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

SECTION 13. SEVERABILITY CLAUSE
If any section, provision or part of this Ordinance shall be adjudged invalid or unconstitutional, such adjudication shall not affect the validity of either the Ordinance as a whole or any section, provision or part thereof not adjudged invalid or unconstitutional.

SECTION 14. EFFECTIVE DATE
This Ordinance shall be in full force and effect from and after its passage, adoption, and publication as required by law.

Jane Regan and Auditor Beyer discussed an automobile insurance question that has arose for Beth Kregel who now works for CSS out of Howard County, but Allamakee County is still the employer of record. There are other insurance issues involved as well, but today dealing with the automobile insurance options: a lease agreement for the Howard County vehicle so Beth can drive it, or considering the Howard County vehicle or Beth’s personal vehicle a non-owned/hired auto where the County’s insurance would pick up where the vehicle owner’s insurance leaves off. Third option is Beth uses a CSS vehicle, but CSS doesn’t own any vehicles for this purpose. Currently Beth is sometimes driving to Allamakee to get an Allamakee County vehicle or using her own vehicle. It was determined that we’ll leave the situation as-is with Beth driving an Allamakee County vehicle as needed, until Koenig can bring up the Employer-of-record issues as a CSS agenda item.

Ridenour presented an agreement for City of Waukon and Allamakee County to each pay 50% of bridge project half each in City and County jurisdiction. DOT needs an agreement. County will handle the letting and acceptance of the bid and contract. An exception is any costs to move utilities - which side of the road it is on would determine which entity would pay those costs.

17.470-Motion Koenig/Second Byrnes to approve the Agreement between the City of Waukon and Allamakee County for construction of the Green Valley Road bridge replacement project. Motion carried.

17.471-Motion Byrnes/Second Koenig to go into Closed Session pursuant to Iowa Code Section 20.17(3). Motion carried.

17.472-Motion Byrnes/Second Koenig to exit Closed Session pursuant to Iowa Code Section 20.17(3). Motion carried.

Department Head updates: Auditor Beyer informed the Supervisors she will be attending meetings this week and Kristi Harshbarger, ISAC Attorney, will be speaking over lunch hour about the issue of the opioid epidemic and opioid litigation. Supervisors will be getting more information in the mail.

Supervisors, Auditor Beyer, Joe Moses and Engineer Ridenour went out viewing road and bridge projects.

17.473-Motion Byrnes/Second Koenig to adjourn. Motion carried.

Auditor Beyer presented a sample resolution and information from ISAC Legal Counsel regarding support of litigation “to hold certain pharmaceutical firms responsible for damages to the public in misrepresenting the safety of using opioids”. Jean Bossom, Substance Abuse Prevention, is gathering materials to use in education efforts in the county. Sheriff Mellick discussed instances or cases when opioid abuse may be recognized in Allamakee County. Discussion was held on whether the issue is the pharmaceutical firms or illegal opioids. Kistler has started polling other counties regarding their board’s actions regarding the Opioid resolution and presented responses to the Board.

Board members present Schellhammer, Koenig and Byrnes. All members voting “AYE” unless noted.

Meeting called to order by Schellhammer.

17.480-Motion Byrnes/Second Koenig to approve today’s agenda and approve the minutes from December 4. Motion carried.

The following people were present at various times throughout the meeting: Joseph Moses – Standard newspaper, Denise Beyer – Auditor and Clerk to Board of Supervisors, Tom Blake, Lloyd Newton, Douglas Weymiller, Brian Ridenour, Clark Mellick, Don Zoll, Les Colsch.

Public Comment: Douglas Weymiller inquired about laws regarding stopping a semi with a full load behind a school bus if the road is slippery on a hill.

Lloyd Newton had his property at 888 Hwy 9 surveyed to determine correct property lines after Highway 9 was moved years ago. Tom Blake did some research on the records of the property. Newton’s property had originally measured off the intersection of Highway 9 and Howard Road. In the 1970s, DOT acquired another 20+ feet for highway right of way and moved the center line of the highway. After the recent survey, it was determined the DOT changes created a .2 acre section of land on Newton’s side of fence that Newton proposes either gets deeded to him, or County sells that .2 acres to him, to avoid having to move a fence. Byrnes proposes talking to Attorney Kistler regarding the correct way to handle this since it involves public property.

Brian Ridenour showed maps of the area around Morgan Bridge. Don Zoll had contacted Ridenour about a year ago about cleaning the ditch in the area. The County pulled in to do the work a couple weeks ago and were immediately approached by another landowner, who did not want the ditch cleaned along his property. Flow lines need to be cleaned as they are silted in. Ridenour found documentation that the County has jurisdiction of the ditch to do the cleaning but no cleaning has been done at this point. The plan is to proceed with the ditch cleaning and enlist assistance from the Sheriff’s department as needed.

Koenig left the meeting early.

The Investment Policy adopted in September 1992 was last reviewed in October 2015 and is due for the 2-year review.

17.481-Motion Byrnes/Second Schellhammer to approve the review of the Investment Policy with no changes. Motion carried.

**RESOLUTION #17.486**

CONSTRUCTION EVALUATION RESOLUTION

WHEREAS, Iowa Code section 459.304(3) sets out the procedure if a board of supervisors wishes to adopt a “construction evaluation resolution” relating to the construction of a confinement feeding operation structure; and

WHEREAS, only counties that have adopted a construction evaluation resolution can submit to the Department of Natural Resources (DNR) an adopted recommendation to approve or disapprove a construction permit application regarding a proposed confinement feeding operation structure; and

WHEREAS, only counties that have adopted a construction evaluation resolution and submitted an adopted recommendation may contest the DNR’s decision regarding a specific application; and

WHEREAS, by adopting a construction evaluation resolution the board of supervisors agrees to evaluate every construction permit application for a proposed confinement feeding operation structure received by the board of supervisors between February 1, 2018 and January 31, 2019 and submit an adopted recommendation regarding that application to the DNR; and

WHEREAS, the board of supervisors must conduct an evaluation of every construction permit application using the master matrix created in Iowa Code section 459.305, but the board’s recommendation to the DNR may be based on the final score on the master matrix or may be based on reasons other than the final score on the master matrix;

MINUTES OF THE ALLAMAKEE COUNTY BOARD OF SUPERVISORS
MONDAY, DECEMBER 18, 2017

Board members present Schellhammer, Koenig and Byrnes. All members voting “AYE” unless noted.

Meeting called to order by Schellhammer.

17.488-Motion Koenig/Second Byrnes to approve today’s agenda and approve the minutes from December 11. Motion carried.

The following people were present at various times throughout the meeting: Joseph Moses – Standard newspaper, Denise Beyer – Auditor and Clerk to Board of Supervisors, Andrea Carstens, Clark Mellick, Scott Willger, Dawn Burroughs, Tom Blake, Jill Kistler, Phil Young, Rick Zahasky, John Roe, Brian Ridenour, Corey Snitker, Michelle Barness, Jodi Larson, Jim Janett, Doug Weymiller, Don Hitchins, Jim Hitchins, Les Colsch, Adam Leiran, Don Zoll.

Public Comment: Andrea Carstens shared some information regarding the aquifers underlying Allamakee County and the draw on the aquifers by animal confinements. Tom Blake commented he does not know if the DNR takes into account the high use of water when issuing permits for these confinements.

Attorney Kistler and Tom Blake reviewed the property lines for 888 Hwy 9/Lloyd Newton property after the recent survey. Existing fence line was discussed. Supervisors understood Newton to say last week that he is happy to know where the actual property line is after he had the survey done, and there is no need to move the fence as long as he knows where the actual line is. Kistler explained the process for selling the land to Newton. No action taken.

Supervisors discussed the resolution to join other counties in support of litigation against opioid manufacturers. Attorney Kistler went over what action other counties have taken on this issue. There seems to be a fair level of uncertainty on how much this actually affects Allamakee County. Supervisors took no action.

Phil Young inquired about storage space for Waukon Police Department on the 4th floor, the former Sheriff’s department space. They would need one room for evidence storage and need to change the lock. Options were discussed. No action taken.

17.489 – Motion Byrnes/Second Koenig to move into closed session pursuant to Iowa Code Section 20.17(3), and exempt from Chapter 21 requirements. Roll call: Koenig-aye; Byrnes-aye; Schellhammer-aye. Motion carried.

17.490-Motion Byrnes/Second Koenig to move out of closed session pursuant to Iowa Code Section 20.17(3), and exempt from Chapter 21 requirements. Roll call: Koenig-aye; Byrnes-aye; Schellhammer-aye. Motion carried.

Brian Ridenour presented the map for the proposed site of a new Alliant/Interstate Power Communication Tower. Tom Blake presented a couple of alternate sites that would also pass Board of Adjustments approval. Schellhammer expressed that the option closer to the existing tower would
be the preference and the least effect on County Farm acres. Tom Blake will give this direction to Alliant/Interstate Power.

2017 Weed Commissioner’s report was presented and reviewed.  
17.491-Motion Byrnes/Second Koenig to approve 2017 Weed Commissioner’s report as presented. Motion carried.

17.492-Motion Koenig/Second Byrnes to approve voiding list of outstanding warrants as presented. Motion carried.

Auditor Beyer presented Howard County’s proposal to reimburse Allamakee County for use of Allamakee County vehicle, by Beth Kregel. Beth is a former Allamakee County employee, Allamakee County is still her Employer of Record, but she works for County Social Services out of Howard County office. No action taken.

Corey Snitker discussed his budget line for cleanup of hazardous material spills. Normal costs for assistance from Waterloo HazMat, if needed, are $2-7,000, but worse cases can run in the tens of thousands. The County would seek reimbursement from the spiller.

Michelle Barness, Upper Explorerland, and Corey Snitker, Emergency Management Coordinator, presented the existing draft of the new Hazard Mitigation plan. Updating this plan is a requirement to receive FEMA funds. Analysis of hazards, prioritization of which ones are worse, and actions to minimize future hazards and/or the impact were reviewed.

Department Head updates: Jim Janett discussed Conservation Board openings.

The Board took a recess for lunch before traveling to the Morgan Bridge ditch cleaning site and viewed other road projects. Those present at the Morgan Bridge ditch cleaning site were Supervisors Schellhammer, Koenig and Byrnes, Denise Beyer, Don Hitchins, Jim Hitchins, Don Zoll, Les Colsch, Doug Weymiller, Adam Leiran. Discussion was held about where the County right-of-way ends, the county’s right to clean the ditch due to having right-of-way, and a second option to route the water under the road to the other side before Hitchins’ property begins.  
17.493-Motion Koenig/Second Byrnes to proceed with ditch cleaning along the entire side of the Morgan Bridge Road, including along Hitchins’ property. Motion carried.

17.494-Motion Byrnes/Second Koenig to adjourn. Motion carried.
