New Business

a) The commission reviewed the Michael and Marion Verdon subdivision plat. Gragg made a motion to approve the plat on the condition that owners record an agreement to not sever the two lots from each other. Knight seconded. MCU.

b) The Commission members reviewed the possible change in zoning regarding Allen Quandahl’s property. Dick Sullivan was present to answer questions regarding the proposal. Plans are to divide the four acre parcel into two, 2 acre, parcels. One for commercial use (currently a trucking business run as a home industry) and the other for the owners residence. After discussion, the Commission arrived at a consensus that the Board of Adjustment needed to review because a variance from the three acre non-farm residence would be necessary before a zoning change would be considered.

REPORTS-Blake provided a report of office activities and applications and a pending land division from Andrew Burke. He is buying Wilkens Auto Salvage and wants to divide off an acre and sell it for a different commercial/industrial activity. No action taken.

Knight made a motion to adjourn. Leppert seconded. MCU.

New Business

a) Leppert made a motion to approve the Doris and David Anderson Subdivision Plat upon the condition that the lots shall be considered and used as a single parcel. Knight seconded. MCU.

Duffy seconded. MCU.

c) Leppert made a motion to approve the Northfork Recreational Territories Inc. Subdivision Plat. Knight seconded. MCU.

d) Leppert made a motion to approve the Ag Legend Removal Request by Josh and Joseph Teff. Duffy seconded. MCU.

REPORTS
Blake presented a preliminary request for a land division for a commercial enterprise. The property was owned by the Berger's and had been a feed business and auto repair business in the past. The owners also had a storage building on the property for ag equipment. The land division request would divide one acre off of the property for sale to another person. The requested land division would create a setback violation between structures and it would be difficult to place a septic system on the one acre to serve the existing commercial building. Blake advised that this was not an agenda item and the Commission could not take formal action but the owner was interested to see if he could do or change anything to make it less likely to be denied. Commission members were not supportive of the request due to the septic and setback issues.

Duffy made a motion to adjourn. Knight seconded. MCU.

Old Business:

The members discussed shooting ranges use and the proper district and type of use (conditional or permitted). Blake presented some shooting range designs and an analysis of shooting range issues found online. Consensus to address issue in the ordinance and review a change in the ordinance as a conditional use.

Fireworks legislation and the sale and use of fireworks in the County was discussed. Blake advised that he was planning on addressing the sale of fireworks as a retail use, permitted in the commercial district only. Consensus that no additional change was needed in the zoning ordinance at this time.

New Business

a) Blake advised that the online permitting software was no being used as planned, mainly due to the time commitment required to set it up. It wouldn't be cost effective if it was only used for building permits and recommended that other departments again be contacted to ascertain if interest was still there for that service to the public. Commission felt that it will be more common and under more demand in the near future and, if it could be set up, it would likely be utilized more and more in the future.

b) Knight made a motion to approve the John and Janice Rea Subdivision Plat upon the condition that the access to the new lot be widened to 66 feet (currently 30’ on the plat). Leppert seconded. MCU.

c) Leppert made a motion to table any action on the Gavin Sherburne Subdivision Plat until all information was submitted and reviewed by the Plat Review Committee. Knight seconded. MCU.

Gragg made a motion to approve the January 23, 2017 minutes. Knight seconded. MCU.

No public comments were received.

Public Hearings:

a. Ashbacher, George and Belva – Request to change zoning district and map for their property to allow residential development on lots less than three acres, from A-1 (agricultural) to R-2 (low density residential). Lots 1-2 and Lots 6-25, Scenic Ridge View VI, Lots 2-28 and Lots 30-32, Scenic Ridge View VII and Lots 2-4, 7 and 10, Scenic Ridge View II, Allamakee County, Iowa. Blake presented his staff report regarding the request. After review of the property and the input from Environmental Health and County Engineer, Blake recommended request be denied as presented. Blake advised that the cluster housing program would fit Ashbacher’s property and it would not need rezoning, in that instance. Ashbacher’s presented input to the Commission advising that the lots would fit walk-outs very well and people did not want to maintain three plus acres of property. This would be a good development for the county and would increase tax base. Neighbors voiced opposition, claiming that the proposal was to dense for the topography and did not suit the area. After discussion, Knight made a motion to recommend the Supervisors deny the request. Gragg seconded. MCU.

b. Ashbacher, George and Belva – Request to change zoning district and map from A-1 agricultural to C-1 commercial for Lots 3, 4 and 5, Scenic Ridge View VI, Allamakee County, IA to allow mini storage business. Blake presented a staff report, advising that the commission deny the request, recommending instead to handle the request as a conditional use in the A-1 zone (Home Industry). Changing the zoning to commercial for this use was not appropriate for the area. After discussion, Gragg made a motion to deny request and to recommend ordinance be amended to allow mini-storage as a conditional use in the A-1 district. Leppert seconded. MCU

New Business

a) Knight made a motion to approve the Charles and Mary Andregg Subdivision Plat. Leppert seconded. MCU.
b) Blake advised that all non-elected staff had received a 2% wage/salary increase, except for the zoning and environmental health assistant. She received an additional $.50/hour in an effort to bring her up to comparable positions. Blake advised that a $1/hour request had been made.

c) Leppert made a motion to support the wage and budget requests as presented to the Supervisors. Knight seconded. MCU.
