George Ashbacher and others were present to discuss the requested zoning change. Discussion was held regarding the request. Blake presented a staff report with concerns about areas for septic tank placement, topography of lots and access issues in a couple of areas. Ashbachers presented a slightly modified plan for lots. Old Business – George Ashbacher and others were present to discuss the proposed Cluster Housing Subdivision. Ashbacher’s advised that they did not have the property for the set aside or reserve, common use property. That had already been sold to George’s son, Larry. As an alternative to a Cluster Housing Development, George asked that the Commission consider changing the zoning on the property from A1 to R2, so that they could develop as presented, with lots of one acre or more. Site maps were reviewed and discussed. Blake stated that some of the lots might not be able to support development with septic due to topography. Commission asked that Laurie Moody review the sites. Gragg made a motion to set a public hearing for September 19, 2016 at 6:00 PM for a zoning change request for the Ashbacher property as depicted on the cluster housing plats submitted. Cahoon seconded. MCU.

New Business

a) The Board reviewed an item referred from the Board of Adjustment. Calvin Snitker estate had requested a variance from the minimum lot area of three acres to allow the estate to sell the home with between 1 and 2 acres. The Board of Adjustment had not found substantial hardship to approve a variance but had advised the Estate that they should approach the Zoning Commission for a change in zoning from A1 to R2 to allow a lot less than three acres. After a brief discussion and review of the area and history of the site, it was the consensus to not encourage the owner to submit a request for a change in Zoning.

No public comments were received.

Public Hearings:

Wiemerslage, Robert – application for a zoning change from I1 (Industrial) to A1 (Agricultural) or C1 (commercial) to allow applicants to establish an RV park. Blake presented a staff report regarding the request and the application filed by the Wiemerslage’s. The property was zoned industrial for a manufacturing concern that no longer exists. Prior to that, the property was a public school. Blake presented the staff report, recommending conditions upon the use if the Commission decided to recommend approval. Those conditions would limit the use to itinerant camping since owners have presented no plan for services to the campsites (electric, water, sewer) and since it is located in a flood plain (Waterloo Creek). This stream is known to flash flood, but this ground does sit a little higher than the old campground site east of here. Owners also plan to use part of the existing building for a camp store. Members questioned how the sites would ‘lay out’ and if the owner’s had any further information. Blake advised that a detailed site plan had not been submitted and did not have any further details. Gragg made a motion to recommend denying the zoning change request due to lack of detail on the plan, location in a flood plain possibly subject to flash flooding and questions regarding the access to the property. Cahoon seconded. MCU.

Private Burial Sites Ordinance Amendment – Blake presented the proposed ordinance draft regarding this use. Members discussed the restrictions on the use and that this would address responsibility for future maintenance of the site. Gragg made a motion to recommend approval of Zoning Ordinance Amendment to allow Private Burial Sites on condition. Cahoon seconded. MCU.

Kelly Rentals, LLC – application for a zoning change from R1 (Rural residential) to C1 (commercial) to allow the construction of a storage building for a commercial business and private rentals on Lots 46, 39, 32 and a strip of land north of and adjacent to Lot 32, all in the original Town of Rossville, Section 25, Township 97N, Range 5W, Allamakee County, IA. Locally addressed as 876 Volney Road, Waukon, IA. Blake presented a staff report detailing the request and recommending approval, finding that there was a need for more commercial land area and that this use would be compatible with neighboring land uses to the south and west and that the use would not generate traffic in excess of the capacity of the public infrastructure and would not create a safety hazard. No person spoke in opposition of the request. Chad Kelly presented his plans for development of the property. Cahoon made a motion to recommend approving the zoning change request. Leppert seconded. MCU.  

Ashbachers Building Supply – application for a zoning change from A1 (agricultural) to C1 (commercial) to allow the expansion of an existing business (on this site) by building an office building on the site of this legal non-conforming use. This property is located on Lot 2, located in the south 1/2 NE 1/4 SW 1/4, Section 25, T97N, Range 5W. Locally addressed as 1250 Peterson Hollow Drive, Waukon, IA. Blake submitted a staff report recommending approval of the request. This location has been the site of this business for decades and provides a needed service to the community. The expansion of the use will allow the business to handle existing customer orders in a more efficient manner and will not impose an increase in traffic or present any safety hazards to the area. Larry Ashbacher presented his plans for development of the property to the Commission. No person objected to the request. Gragg made a motion to recommend approval of the zoning district change request. Cahoon seconded. MCU.
